## Cemetery No. 476 -- Hobbema, Central Native Cemetery (J-6)

### NW-17-044-24-W4

From Edmonton take Highway #2 south for 68 Km. At Highway #611 turn east for 18 Km to Highway 2A and Hobbema. The cemetery is about 2 km south of the town. We were able to record 406 readable graves. There were at least that many again that were not readable. Many of these graves were marked with white wooden crosses. The cemetery was well maintained. No plot plan or records were available. The locations of the graves are approximative, we are using our own row number and plot number system. The oldest stone read was John NAPOOSE, 1819 - 1939.
